

Dana Loop

Beginning and ending in Burney, Dana Loop is 60 miles. Driving east of Highway 299 will take you across beautiful Hat Creek and the Pit River. As you climb up the rim of Pit River Canyon you can see the Pit One Powerhouse off to the right. At the top of the rim you'll find a vista with a paved pull-out parking area, providing a great view of Pit River Falls and the old freight road from Redding to Alturas. Two miles further and you will arrive at the outskirts of Fall River Mills and the [Fall River Valley Golf Course](#), a championship caliber course. Next on your left is the [Fort Crook Museum](#).

Fort Crook Museum

A stop here is a must to learn about the history of this beautiful valley. Highway A-20 (Glenburn Road) goes north from Highway 299 just before the museum. In a short distance, you will see a concrete structure, which is the intake that sends Fall River several hundred feet down a canyon to drive the Pit One Powerhouse turbines

seen earlier. Five miles further, the road takes a little jog to the right and joins McArthur Road (Highway A-19) and then turns north again towards Dana. At this junction stands the 100-year-old Glenburn Community Church, still in use today.

Glenburn Church

dinner or a cocktail by Upper Fall River. Just as you are entering Dana, you will see the bell line. Several miles further, you will cross Highway 89. Turn left and you will cross the McCloud River Railroad trestle on the left side is the location of the famous locomotive scene in the film *Stand by Me*. The next must see is just a few miles further on the right. [McArthur Burney Falls State Park](#) offers both photo opportunities and a chance to stretch your legs. Hiking trails – 30 minutes to 3 hours long – will lead you to many enchanting sights including Burney Falls and Lake Britton's shoreline.

Burney Falls – photo by Corey Barnett

Traveling north, you can drive 4 miles to Spinner Falls Lodge/Restaurant to enjoy beautiful Eastman Lake or a few miles further, as you are passing the old Fall River School tower still tops the roof further is the junction of Highway 299 and Highway 89 and proceed south about 10 miles over Lake Britton. The
